The *Business Leadership Forum* is designed to bring together the leaders of Western New York companies to discuss critical challenges and topics of relevance. Local business executives typically present case studies from their own companies while accounting, legal, insurance, technology, consulting and international trade professionals are on hand to answer questions regarding specific issues. The early morning short-program agenda is efficiently managed leaving time for networking beforehand and after. Past topics have included strategic growth and disaster recovery planning.

The forum is presented through the collaborative efforts of CoreIP Systems, [Lumsden & McCormick, LLP](#), Jaeckle Fleischmann & Mugel, LLP, Insyte Consulting, The Kamis Group, World Trade Center Buffalo Niagara and Vanner Insurance Agency.
