

Summer Interns

We are pleased to welcome our Summer interns... Timothy W. Booady and Natalie Thorpe.

Tim Boorady joined Brisbane Consulting Group on June 2nd as a research assistant/intern. Tim recently finished his sophomore year at Canisius College where he is majoring in both Economics and Mathematics. A resident of Grand Island, Tim spent a year at Niagara University before transferring to Canisius College.

Today we welcome **NatalieThorpe** who graduated from SUNY Geneseo in May with her BS in Accounting. Natalie will be working with the A&A Department during the summer, as well as taking some evening classes at Buffalo State. She will complete her fifth year education requirement this fall at St. John Fisher College. Natalie recently relocated to Cheektowaga from her home in Lakewood.

We wish them a lot of success - and a great learning experience - while they're here with us. **Welcome to Tim and Natalie.**
