

Managing Nonprofit Statistics and Financial Data

As published April 7, 2010

Brisbane Consulting Group, LLC, a wholly owned subsidiary of Lumsden & McCormick, LLP is hosting a free seminar on ***Managing Nonprofit Statistics and Financial Data with Sage MIP Fund Accounting*** on April 27, 2010 from 10:00 am – 12:00 pm at **Transitional Living Services** in Syracuse, New York. The presentation will be lead by Matthew McDonald, Director with Brisbane Consulting Group.

The seminar is designed specifically for the executive directors and financial directors/personnel of nonprofit organizations. You will learn the features and benefits of the software as well as have the opportunity to meet current MIP Fund Accounting users.

The benefits of the software that will be presented include:

Program measurements:

- Statistical and financial tracking in one place
- Remove duplicate efforts
- Team collaboration tools
- Make better decisions with quick and accurate data

Software written exclusively for nonprofits:

- FASB 116/117 compliant
- Create 990 worksheets
- Full allocation dimensions
- Unique tracking dimensions allows for unlimited reporting capabilities

Award winning reporting system:

- Report over any time period for an unlimited number of funding sources in full detail
- Create customized financial reports in seconds

Budgeting advantage:

- Create and track an unlimited number of budgets quickly and easily

You will have the opportunity to network with current MIP Fund Accounting users by joining us for lunch. You are also welcome to stay for the Brisbane MIP User Group Meeting (1:00 pm).

To register for the Nonprofit Statistics seminar on April 27 or to schedule a demonstration contact Maria Gambacorta at mgambacorta@briscon.com or 716-

856-3428. There is no cost to attend the seminar or Brisbane MIP Users Group Meeting.

Transitional Living Services is located in 420 East Genesee St., Syracuse, NY 13202.
