

## **Nonprofit Solutions Division Recognized**

*as published July 21, 2010*

Annually, Sage Software our MIP Fund Accounting and Fundraising software partner conducts research on customer satisfaction related to their products and business partners. We are pleased to announce that Brisbane Consulting Group received the highest rating of all Sage MIP Fund Accounting partners nationwide.

Brisbane Consulting Group's Nonprofit Solutions division clients gave us the highest praise by stating that they would recommend us to a colleague. We are honored by these results and say thank you to our clients for completing the Sage Survey and giving us such high marks. We truly enjoy the work we do and are pleased to be able to serve the nonprofit community.

The Brisbane team of Matt McDonald and Gina Chiasera pledge to continue to deliver excellent service and will continue to grow our service offering such as our new Fundraising 50 and Fundraising Online softwares.
